GRANMONTE

Ex-cellar Price List

GranMonte Vineyard and Winery is Thailand's leading wine producer and the representative of Thai wine's true potential. GranMonte's international award-winning wines are made from 100% estate-grown wine grapes by our oenologist Nikki Lohitnavy. Our 40-acre family-owned vineyard is situated in the foothills of the UNESCO World Heritage Khao Yai National Park.

**All GranMonte wines are of
"Khao Yai Wine" Geographical Indication.**

Our red wines range from the popular, easy-drinking Heritage Syrah blends to the exclusive limited-production Asoke Cabernet Sauvignon Syrah. Our white wines are a little tropical journey in themselves, starting from the breeziness of Spring Chenin Blanc, stepping into the elegant Viognier, and arriving at the full richness and aroma of GranMonte Verdelho. In between are exciting and opulent treats such as Sakuna Rosé, Bussaba Natural Sweet Wine, and GranMonte Crémant Extra Brut. GranMonte's spirit of innovation and love of challenge allow new blends and styles to be introduced to our line-up every vintage.

We at GranMonte work hard to earn our reputation and are fully committed to producing Thai wines of only the best quality. We use only the finest estate-grown produce, and our innovative winemaking techniques capture all the important aromas and tastes that set our products apart. Our viticulture and winemaking techniques are tailored to suit the soil and climate conditions of Thailand. We pride ourselves on our sustainable practices that are necessary for producing excellent quality wine grapes, as well as to help preserve our natural environment and ensure the health and safety of our workers.

**GranMonte has been
awarded "Best National
Producer – Thailand" in
2015, 2016, 2017, 2019, 2023
and 2024 by Europe's
biggest international wine
competition, AWC Vienna.**
